- Pick up manure at every opportunity.
- Place hay in feeders and avoid feeding excessive amounts.
- Avoid water spillage in stalls.
- Regularly smooth out the bed with the aim of assisting drying.
- Consider using rubber matting for front half of bed.
- Do not dig out the wet patches.
- Do not disturb the bedding base.
- Keep the top of the bed loose.
- 100 mm borders are an advantage in managing the bed.
- Experience has shown that a properly managed bed will last a full Show with little need for top up bedding, particularly with some classes of livestock.

If, in the opinion of a qualified veterinary surgeon appointed by the Society, an animal on the Showground shall be so injured or be so affected by sickness, disease or other ailment as to warrant its destruction or its removal from the Showground as the case may be the Society shall be entitled to have the animal destroyed and/or require the animal to be forthwith removed from the Showground and the exhibitor, upon receipt of such notice, shall forthwith remove such animal and failing such removal by them within the time prescribed by the Society, by written notice to the exhibitor or his representative on the Showground, the Society may remove the animal or cause the animal to be removed and all costs and expenses of removal shall be borne by the exhibitor, and shall be refunded to the Society. Each such animal shall at all times be the sole risk and responsibility of the exhibitor and the person or persons removing the animal shall at all times be deemed to be the agents of the exhibitor and all acts and omissions on the part of such person or persons shall be deemed to be the acts and omissions of the exhibitor who shall indemnify and hold indemnified the Society, its servants and agents from all claims whatsoever in respect of the animal whether by reason of any loss or injury to or caused by the animal or because of transportation, feeding or housing or otherwise howsoever.

The pavilion supervisor must be advised immediately of any sick or diseased animals attended to by any Veterinary Surgeon.

All veterinary expenses incurred during the Royal Adelaide Show are the sole responsibility of the exhibitor.

TREATMENT REPORT FORMS

Treatment Report Forms (available from the Beef Cattle Supervisor's Office) must be completed for any animals which are attended to and/or receive treatment from a Veterinary Surgeon.

Once completed by the attending Veterinary Surgeon, the Treatment Report Form must be lodged with the Beef Cattle Supervisor immediately.

JOHNES DISEASE

The minimum status requirement for entry is Johne's Beef Assurance Score (J-BAS) of 6. Exhibitors must complete Question 4 on the National Cattle Health Declaration stating their score and return with entry form/s. This form may be obtained at <http://www.farmbiosecurity.com.au/toolkit/declarations-and-statements>. Questions about eligibility or obtaining forms may be directed to PIRSA Murray Bridge Office on 08 8539 2112.

Steers are not required to come from J-BAS 6 or better herds but if the herd status for Johne's Disease is infected or suspect, entries will not be accepted.

PESTIVIRUS

All cattle (including calves at foot and Led Steers) must be tested for Pestivirus and certified as non-PI (persistently infected). Exhibitors must complete question 3a on the National cattle Health Declaration stating this testing complete. Copies of test results must be submitted with show entry forms. EMAI laboratories provide PI-test® using hair samples, visit <http://www.dpi.nsw.gov.au/about-us/services/laboratory-services/veterinary/pestivirus-infection-cattle> for sample kits, pricing, turnaround times & veterinary specimen advice forms. Swans Veterinary Services provide PI-test® using ear notch testing, visit <http://www.swansvet.com> for kits, pricing, turnaround times and forms.

RINGWORM

That further washings take place not more than 4 days apart while on the Showground and in the presence of the duty veterinarian.
Cattle found infected for the first time while on the Showground - invoke Rule 2.
That Breed Societies inspectors reserve the right to ban any animals from the judging ring if an attack is so bad that, in their opinion, the showing of that animal is likely to detract from the spectacle of the Show ring.
Animals must not have been exposed to any communicable/notifiable disease/s within 14 days prior to the show.

MSA REGISTRATION

Please remember to be MSA Eligible, **ALL** exhibitors must be MSA registered and exhibitors must supply the Society with an MSA Vendor Declaration for all animals.

MSA is a valuable asset to the Australian beef industry, providing opportunities to differentiate product in the market. Unlike existing industry description systems, MSA accurately predicts eating quality for individual beef muscles. For consumers, the Meat Standards Australia (MSA) graded logo is a trusted symbol of quality.

If you are not already registered for MSA, it is quick, easy and free. Follow the below steps:

1. Visit www.mla.com.au/msa and click on Producer Registration.
2. Enter your PIC (Property Identification Code) and LPA username and password. If unsure of your PIC or LPA details, please contact 1800 683 111 or email lpa@mla.com.au to retrieve your information.
3. Once details have been used to log in, please follow the prompts to complete the registration.

The following requirements also apply:

- Cattle must not have been mixed within 30 days of transport to the competition.
- Cattle must be on full feed and water prior to dispatch from the Showground.
- Exhibitors must complete an MSA Vendor Declaration form to accompany the National Vendor Declaration (see above website to order these forms).

If you require further information or assistance, please do not hesitate to contact the Society on (08) 8210 5211 or Meat Standards Australia on 1800 111 672.

NVD AND MSA FORMS MUST BE COMPLETED IN FULL INCLUDING SIGNED AND DATED. DATE AND TIME OF DISPATCH IS FROM THE HOME/PROPERTY WITH THE NVD DESTINATION THE ADELAIDE SHOWGROUND.

WEIGHT RESTRICTIONS FOR STEERS

Any Steer weighing less than 390 kg live on the Society's scales will not be accepted for competition.

SCANNOGRAMMING OF LED STEERS

All Led Steers will be scanned and weighed at the 2023 Royal Adelaide Show in the following order;

- Purebred Steers
- Crossbred Steers
- followed by School Steers

This Information will be displayed on the exhibit's neck card.

EXHIBITORS PLEASE NOTE

ON HOOF JUDGING: There will be three weight classifications. The steers will be weighed and the Beef Cattle Committee will make up classes as evenly as possible.

ON HOOK JUDGING: Exhibits will be classed according to their carcass weight.

For School Entries Only.

All Schools are required to lead all their steers in the Grand Parade on Saturday 2 September.

SLAUGHTER OF LED STEERS

In an effort to reduce the number of dark cutters often caused by stress to animals the RA&HS Beef Cattle Committee will be loading steers for Thomas Food International in the early hours of Monday morning. This will allow steers to relax and sleep following a full day of judging, parading, photos etc.

All exhibitors will be required to feed and water their animals after judging on the Sunday afternoon prior to packing up and leaving. It is also recommended that a small amount of hay is left in front of each steer.

Exhibitors will be required to tie their steers up with a halter supplied by the RA&HS by 6.00 pm.

All equipment and gear must be removed by 6.00 pm on Sunday 3 September.

ENTRY PASSES - SCHOOLS

Schools entering in the Led Steer section will receive 12 one-day passes per steer exhibited to gain access during the Royal Adelaide Show on Saturday and Sunday.
